

North West Kent League: Event 1. Joydens Wood.

Event 1 of this seasons North West Kent League featuring the format that allows all extremes of orienteering experience to compete on the same course. From Mark Ford, ranked 128th in the country, to Ben Cronin (4) , really only motivated by jumping in ditches and controls in deep depressions. Dave Collier planned the course perfectly and Dave Cave organised as efficiently as usual. The 6 more events in the league are on the first Saturday of each month, but don't forget there is much more Orienteering besides this, including lots of events by DFOK and neighbouring clubs. Why not try the evening street event in Swanley on March 15th for example?

Those people not in a club, if you've got any questions about orienteering you can always email newcomers@dfok.co.uk. There is a rule somewhere that newcomers should join a club after 3 runs, not sure how strictly it's observed but if you fancy joining us you can do so free at the next North West Kent League event at Shooters Hill, or do so online at www.britishorienteering.org.uk (you have to pay online but the club appreciates the funds). Sean Cronin (series co-ordinator)
