

KNC20 - Brasted Chart (21 March 2013)

Thank you for coming along to the event. It was nice to have a good turnout at what is effectively a new area to run on for everyone.

Comments afterwards about the area and the map seemed to be positive. If anybody does have any constructive comments on the map then let me know.

There was some discussion at the finish about a possible discrepancy in the timings. I have investigated this and undertaken a series of tests and the total time values are under by eighteen seconds. I have therefore added eighteen seconds to everybody's times. Unfortunately for two competitors this puts them over the 60min (as they had anyway) and does have an impact on the provisional results reported in the pub afterwards.

A few stats to finish off. There were six controls visited first (60, 67, 68, 72, 74 & 78). The most popular controls were 61 (28No.), 74 (29No.), 77 (27 No.) & 79 (27 No.). The least popular controls were 63 (6No.) & 71 (7No.). Neil and Clare started on different sets of controls but both circulated anticlockwise for the first set and clockwise for the second, with the change over controls of 60/72.
